Re: Tom Taylor Mine Road
UTU 0122694
Uintah Co., Utah

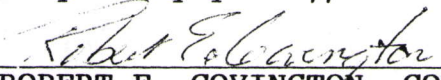

Dear Stan:

In accordance with your request, enclosed herewith is the proposed ore haulage road from the Tom Taylor mine to the ore processing and sacking plant of Ziegler Chemical & Mineral Corporation at Little Bonanza.

Norman phoned and told me that you had met with him last Thursday and had gone to the site just above the mine to observe the conditions first hand.

We are having Uinta Engineering & Land Surveying add the additional data which you have requested. I hope that this information will be satisfactory. Thank you for your help in this matter.

Very truly yours,,
